

DEF 92 (EDM FLUID)

We do sale this product from one of the leading manufacturers of india
M/S pratap Tex chem pvt ltd. (Lubeco™ Green Fluids)

DEF 92 is economical as compaed to others EDM FLUID available in
market & eliminates all risks involved in using Kerosenelike arching,
nauseating ,& dust settlement involved.

ADVANTAGES

DEF -92 is highly fluid while in use thereby allowing dust settelment speediil.. These properties not
only increase the filter life but as well improve the finish & the efficiency of electrode.

DEF 92 is odourlessin nature there by making it operator friendly.

DEF 92 is termal resistant..

The molecular stracture of DEF - 92 also reduces the operating losses & gives indefinite life.

High flash point of 105° C makes Fluid most desirable fluid on all sorts of EDM Machines.

SPECIFICATION

1	COLOR	CRYSTAL CLEAR
2	ODURE	ODOURLESS
3	SPECIFIC GRAVITY	0.78 +/- 0.02
4	FLASH POINT	105° C +/- 2°
5	VISCOSITY@38° C	2.16 C.S.
6	DI ELECTRIC STRENGTH	45 K.V.

NOTE AVAILABLE IN PACKING OF 210 lit & 50 lit
